

Corporate Tax Mitigation

DEFINING THE NEEDS

For some time, Directors and Higher-Paid Employees have always had to deal with the somewhat confusing way to best deal with retaining as much of their hard-earned money in a legitimate manner. Previous options that had to be considered are extraction by Dividends, Pension Contributions and, of course, Bonuses.

Working with our specialist Tax teams, we can offer various schemes that offer alternative, cutting-edge tailored solutions to enable cash extraction with significant tax benefits. There is also the option of fully protecting fees paid through the Fee Guarantee Option.
